

# I CAN'T WAIT

---

- Covid fatigue has led to complacency with keeping a safe distance, wearing masks and washing hands
- It is critically important that Mace sites and offices remain Covid secure and that Mace people stay safe and well, even if they are working from home
- We must keep on protecting each other. Wash hands. Cover face. Make space.
- All Mace sites and offices should prominently display these posters and change them weekly, over 6 weeks
- Engage in conversation and share your reasons for keeping safe and what you are most looking forward to, once restrictions are lifted
  - Create your own HSW moments and share them
  - Finish the sentence 'I cant wait to ...' and share it on Yammer with the hashtag **#icantwait**
  - Reach out if you, your site or your team would like to be a part of the next round of posters at [hsw.news@macegroup.com](mailto:hsw.news@macegroup.com)

# I CAN'T WAIT

- What are you most looking forward to, when restrictions are lifted?
- Why are you keeping yourself safe by following the Hands, Face, Space guidance?

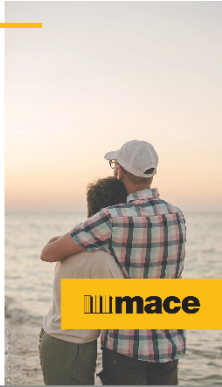

We asked Mace people, and here's what some of them had to say

COVID - 19

## I can't wait to hug my nan and grandad

That's why we must keep on protecting each other - **wash hands, cover face, make space #icantwait**

HANDS  
FACE  
SPACE

COVID - 19

## I can't wait to have a BBQ with all my friends and family, without rules

That's why we must keep on protecting each other - **wash hands, cover face, make space #icantwait**
